Presidents Message

Hello Bay Lake families. We ask that if your child leaves the house in a car that you please utilize the car loop. The car loop moves very quickly and is the safest place to drop off and pick up your students. Under no circumstance should you ever stop in the road to let a child out as this causes a great safety risk for all children. Due to this type of drop off we have had a few instances this year where a child could have been seriously injured. It also causes traffic backups around the school and makes it so the buses can not pass through the narrow side streets. The safety of our students is our top priority.
